

Dear colleagues and collaborators,

The success **CNCIR** enjoys is a result of its values of integrity, impartiality, independence and professionalism, and of the utmost respect the company has for the laws and regulations in force.

CNCIR is a company that is continuously growing and that aims to contribute to the growth of its partners, in a safe and reliable environment, by offering professional services of inspection, verification, testing, certification and professional training that ensure the safe operation of the facilities and equipment in question.

CNCIR is the only Romanian national company that is a member of TIC Council (Testing, Inspection and Certification Council). The vision of TIC Council is to be recognized and trusted globally as the voice of the independent testing, inspection and certification industry, and to stand for best practices and the highest standards in safety, quality, health, ethics. and sustainability. As a TIC Council member, we are dedicated to the highest standards of ethics and integrity and we enforce the TIC Council Compliance Code and its seven principles: Integrity, Conflict of Interests, Confidentiality and Data Protection, Anti-bribery, Fair Business Conduct, Health and Safety, Fair Labor.

CNCIR recognizes the value and the contribution each employee has in maintaining high standards of professionalism and integrity. For that reason, we place great emphasis on the development of the **CNCIR** team by identifying, developing and expanding the expertise of employees, in a positive, open and honest environment. **CNCIR** pursues excellence in all its activities through performance, effectiveness and efficiency.

We strive for the recognition of **CNCIR** as the most important Romanian provider of professional inspection, verification, testing, certification and professional training services by always applying the best practices in the fields of quality, environment, health and safety and information security.

We are committed to honoring our responsibility to our customers and shareholders, to maintaining the trust we have gained and the standards of professionalism imposed. We will achieve this by permanent customer orientation, by establishing a trusting partnership and by maintaining professional ethics in all our activities.
